HUMAN RESOURCE OUTSOURCING

Sketch multicorp has taken operational responsibility for the running of the HR function within the client organization. This has involved preparing and issuing contracts of employment and dealing with all other legal issues related to employment; leading on recruitment and selection of staff; developing new HR systems as the business has developed (e.g. job descriptions and a performance management system); setting up local payroll services, benefits schemes & administration.

FASHION DESIGN DEVELOPMENT

Sketch multicorp works with clients from all over the world and helps bring your fashion ideas to life. We offer a quick turn-around while being completely fashion forward. With a full design service at our fingertips we help with strategic and creative direction from garment development, **fabric sourcing** onto the **manufactured** Design .. and everything in-between.

Our design and development services include but not limited to:

01
Product development consulting (construction, costing, etc.)

02
Sourcing (fabrics, trim, etc.)

03
Creating tech-packs

04
Pattern making services

05
Sample making services (fit and SMS)

06
Apparel fittings

INTERIOR DESIGN

At Interior Design, we provide a full range of interior design services around India, whether you're looking to spruce up your home in preparation to sell or need some general guidance. I truly believe that good design doesn't have to be expensive and I can offer advice to suit all budgets and styles. Your home should be a place to relax, unwind, and be a reflection of your personality – let an interior designer help you get there by messaging today.
